

Melinda Coker  
EHS Specialist

Dear Melinda,

As we come to the end of our contract, we'd like to take this opportunity to express how thankful and appreciative we are of all your hard work over the last couple of years. The compassion, patience, helpfulness, and positive energy that you brought to our employees as you interacted with them through COVID case management was exceptional and valued by all of us.

In addition, your flexibility in adjusting to changes and new requirements to our COVID-19 framework was an essential part of our ability to continue to provide a safe environment for our employees.

From late nights to a never-ending queue of tickets and case reviews and welcoming new team members into your home to train them, we truly could not have made it through without you.
